Love Me - Elvis Presley

```
G                       G7         C
Treat me like a fool, treat me mean and cruel, but love me.
                  D7                        D7+  G       G#dim7    D7
Break my faithful heart, tear it all apart, but  love me.
            G                     G7     C
If you ever go, darling, I'll be, oh, so lonely.
                D7                          G     C     G
I'll be sad and blue crying over you, dear, only.

Tacet           C             G
I would beg and steal just to feel
     A7                     D7    A7    D7
your heart beating close to mine.
              G                      G7     C
Ev'ry night I pray to the stars that shine above me,
              D7                                  G        C        G
Begging on my knees, all I ask is please, please, love me.

                G                       G7         C
