

Boiler - Limp Bizkit(Gitar Tab)

Drop D Tuning, then tune all strings down half step
(low to high D# A# D# G# B# E#)

Intro:

(played with distortion, but turn the guitar volume down)
fade in

```
E# :-----  
B# :-----7~~~~~  
G# :-----  
D# :--7<<<<<-8~~-10~~-0~~~~~  
A# :-----  
D# :-----  
          \   repeat   /
```

Chorus:

(turn the volume all the way up)
listen to the song for the beat

```
E# :-----333-----3--  
B# :----333-----3----333-----3----333-----3--  
G# :----222-----2----222-----2----222-xxxx-2--555555-xxxx-55--  
D# :--000000-xxxx-00--000000-xxxx-00--333333-xxxx-33--555555-xxxx-55--  
A# :--000000-xxxx-00--000000-xxxx-00--111111-xxxx-11--333333-xxxx-33--  
D# :--000000-xxxx-00--000000-xxxx-00-----
```

Verse:

(clean)
just mess around on this scale loosly and lightly

```
E# :-----3-5-6-5-3-----  
B# :-----3-5-6-----6-5-3-----  
G# :--4-5-----5-4--  
D# :-----  
A# :-----  
D# :-----
```

Interlude:

after the guitar starts to feedback go into this
>>>>fade>>>> >>>>fade>>>>

```
E# :-----  
B# :-----  
G# :--555555555555-----  
D# :----- end on the c#5 with a PM  
A# :--333333333333----555555555555--  
D# :-----000000000000--
```

Outro is just Wes messin around with that scale with alot of reverb and delay.

Thats the best i can do. this song has a weird beat and its hard to tab.
