Riff 1 (4X)
C#5 B5 A5 F#5 G#5 (2X)->play along with riff 1

(Riff 2):
```
C#5                 B5                    A5
I don't know who to trust, no surprise
F#5                             G#5
(Everyone feels so far away from me)
C#5                 G5                        A5
Heavy thoughts sift through dust, and the lies
```

(Riff 2):
```
C#5             B5        A5
Trying not to break,
F#5            G#5
But I'm so tired of this deceit
C#5                 B5              A5
Every time I try to make myself
F#5            G#5
Get back up on my feet
C#5                 B5            A5
All I ever think about is this
F#5                         G#5
All the tiring time between and how
C#5             B5          A5
Trying to put my trust in you
F#5                     D5
Just takes so much out of me
```

Chorus (riff 1):
```
C#5         B5                A5
Take everything from the inside
    F#5     G#5 C#5
And throw it all away
```

```
          B5                A5
'Cause I swear for the last time
        F#5      G#5
I won't trust myself with you

(Riff 2):
C#5               B5                   A5

(Everyone feels so far away from me)
C#5               B5                      A5
Heavy thoughts forcing their way out of me

(Riff 2):
C#5           B5         A5
Trying not to break,

But I'm so tired of this deceit
C#5               B5                 A5
Every time I try to make myself
F#5             G#5
Get back up on my feet
C#5             B5                A5
All I ever think about is this
F#5                            G#5
All the tiring time between and how
C#5             B5                A5
Trying to put my trust in you
F#5                     G#5
