Am I loud and clear or am I breaking up?

               E5          G5      C5
Am I still your charm or am I just bad luck?

   E5       G5           C5            D
Are we getting closer, or are we just getting more lost?

            E5          G5           C5
I'll show you mine if you show me yours first

            E5          G5       C5
Let's compare scars I'll tell you whose is worse

We live on front porches and swing life away

  Em7        Cadd9        G         D
We get by just fine here on minimum wage

  Em7        Cadd9        G           Asus
If love is a labor I'll slave 'til the end

  Em7             Cadd9          G           D
I won't cross these streets until you hold my hand

              E5             G5           C5
I've been here so long; think that its time to move

           E5          G5     C5
The winter's so cold summer's over too soon

  E5          G5        C5              D
so let's pack our bags and settle down where palm trees grow

I've got some friends, some that I hardly know

                    E5                G5              C5
But we've had some times I wouldn't trade for the world

                  E5            G5              C5          D
We chase these days down with talks of the places that we will go
