

Want - The Cure

D#m B C#

D#m
i'm always wanting more
B C#
anything i haven't got
D#m
everything

i want it all
B C#
i just can't stop
D#m
planning all my days away
B C#
but never finding ways to stay
D#m
or ever feel enough today

B C#
tomorrow must be more
D#m
drink more dreams more bed more drugs
B C#
more lust more lies more head more love
D#m
more fear more fun more pain more flesh
B C#
more stars more smiles more fame more sex
D#m

but however hard i want
B C#
i know deep down inside
D#m
i'll never really get more hope
B C# D#m
or any more time

any more time
any more time
any more time

i want the sky to fall in
i want lightning and thunder
i want blood instead of rain
i want the world to make me wonder
i want to walk on water
take a trip to the moon
give me all this and give me it soon
more drink more dreams more drugs

more lust more lies more love
but however hard i want
i know deep down inside
i'll never really get more hope
or any more time
any more time
any more time
any more time
