Say Ok - Vanessa Anne Hudgens

```
Am
You are fine
          Am
You are sweet
                                      G
But I'm still a bit naive with my heart
                Am
When you're close I don't breathe
                Am
I can't find the words to speak
        G
I feel sparks
              Dm
But I don't wanna be into you
Am                              G
If you are not looking for true love, oh oh
                Dm
No I don't wanna start seeing you
Am                      G
If I can't be your only one

                                Am
So tell me when it's not alright
                  C
When it's not ok
          G
Will you try to make me feel better?
                Am
Will you say alright? (say alright)
                  C
Will you say ok? (Say ok)
            G
Will you stick with me through whatever?
        Dm
Or run away

    G
Say Ok.

Am                                                          G
When you call I don't know if I should pick up the phone every time
        Am                                                      G
I'm not like all my friends who keep calling up the boys, I'm so shy
              Dm
But I don't wanna be into you
Am                              G
If you don't treat me the right way
            Dm
See I can only start seeing you
```

```
Am                                      G
If you can make my heart feel safe (feel safe)

                 Am
When it's not alright
                 C
When it's not ok
          G
Will you try to make me feel better?
                 Am
Will you say alright? (say alright)
            C
Will you say ok? (Say ok)
          G
Will you stick with me through whatever?
        Dm
Or run away

(Say that it's gonna be alright. That it's gonna be ok

Don't run away, don't run away)
     G
Say ok

Am
Let me know if it's gonna be you
Am
Boy, you've got some things to prove
G
Let me know that you'll keep me safe
G
I don't want you to run away so
Am
Let me know that you'll call on time
Am
Let me know that you won't be shy
G
Will you wipe my tears away
      G             Am
Will you hold me closer

                 Am
When it's not alright
                 C
When it's not ok
          G
Will you try to make me feel better
                 Am
Will you say alright? (say alright)
              C
Will you say ok? (Say ok)
            G
Will you stick with me through whatever?
```
