

Just The Way You Are - Bruno Mars

F

Oh her eyes, her eyes

F

Make the stars look like they're not shining

D

Her hair, her hair

Falls perfectly without her trying

B

She's so beautiful

B

F

And I tell her every day

F

Yeah I know, I know

F

When I compliment her

F

She wont believe me

D

And its so, its so

D

Her laugh, her laugh

D

She hates but I think its so sexy

B

She's so beautiful

F

And I tell her every day

F

Oh you know, you know, you know

F

I'd never ask you to change

D

If perfect is what you're searching for

D

Then just stay the same

B

So don't even bother asking

If you look okay

F

You know I say

F

When I see your face

D

There's not a thing that I would change

B

Cause you're amazing

F

Just the way you are

F

And when you smile,

D

The whole world stops and stares for awhile

B

Cause girl you're amazing

F

Just the way you are

F

The way you are

D

The way you are

B

Girl you're amazing

F

Just the way you are
