

## Maybe - Enrique Iglesias

F#                    B  
If I had, one single wish  
C#                    F#  
I go back to the moment I kissed  
F#                    B  
You goodbye no matter how hard I tried  
C#                    B  
I can't live without you in my life

Nak.

F#                    B  
  youll say you still want me  
C#                    F#  
  youll say that you don't  
F#                    B  
  we said it was over  
C#                    F#  
Baby I can't let you go

I walk around couldn't understand  
Where we were wrong and I can't pretend  
It wasn't me it wasn't me  
But I'm convinced we gave up too soon

F#                    B  
Nothing left to lose after to losing you  
C#                    F#  
There's nothing I can take

F#                    B  
When I run to you, when I come for you  
C#                    C#  
You tell me I'm too late
