Bm                E7                A
Oh What a feeling I get when I'm with you
Bm                E7                A
You take my heart into everything you do
      Bb                C                Am
And it makes me sad for the lonely people
Bb                C                Dm
I walked that road for so long
      Bb                C                Am
Now I know that I'm one of the lucky people
Bb                C                Dm
Your love is making me strong
```

CHORUS

```
Bb                C                Am
I've had enough Bad love
Bb                C                G
I need something I can be proud of
Bb                C                Am Bb C                G
I've had enough Bad love No more bad love
```

```
Bm                E7                A
And now I see that my life has been so blue
Bm                E7                A
With all the heartaches I had till I met you
      Bb                C                Am
But I'm glad to say now That's all behind me
Bb                C                G
With you here by my side
      Bb                C                Am
And there's no more memories to remind me
Bb                C                G
```

Your love will keep me alive
