Let's see -- I've been playing this for years Great tune You need

to really keep the bass line going Play the verse in open position
I go up the neck for the refrain, working my way back down and ending
in open position again There are some nice little runs If I get a
chance, I'll TAB some of them This should all be in the TAB for the
"Crossroads" compilation, but I haven't laid out the bucks for that
yet

I use dots to mark beats

Verse:

Refrain:
