

Foreground - Grizzly Bear

Epic, beautiful song by Grizzly Bear. Had to be converted.

It's super easy but you should pay attention to the order the high e and b strings

are played in the tab,
(you would understand by listening as well)

e		2--2--2-----
B		-3--3--3-----
G		-----
D		-----
A		-----
E		-----

Lyrics

Take on another shift
Palms in the middle, hands in the middle
Work out another rift
Something is muffled, another juggle

This is a foreground
It is a foreground

A cross country miss
Take direction, cant connect it
Im afraid this is
Ten detected, nine in a wreck and
A little jetty fight
Pattern evolving, motion insolvent
Something about this might
Take all evening,
Ill just be cleaning

This is a foreground
