 C Em9 D G C
But the walls came tumbling down, down, will you go down on me

 C
'Cause Annie you're a star
 G
You're just not going very far
 D Em9
And all the world will know your name
 C
And you'll be famous as you are
 D
'Cause I'll sing for you

Annie, would it be nice to be recognized?
Did you practice your autograph?
But then no one's asked
And it's such a shame
The dreams are crumbling

Annie, why aren't you big in limelight?
'Cause I thought that you said you'd be
A celebrity several years ago
Did it all came tumbling down, down, will you go down on me

Annie you're a star
You're just not going very far
And all the world will know your name
And you'll be famous as you are
'Cause I'll sing for you

Annie you're a star
You're just not going very far
And all the world will know your name
And you'll be famous as you are

'Cause I'll sing for you

Annie you're a star

You're just not going very far

And all the world will know your name

And you'll be famous as you are

'Cause I'll sing for you
