one of these nights at about twelve o'clock
this whole earth's gonna reel and rock...
things thay'll tremble and cry for pain
for the Lord's gonna come in his heavenly airplane.

F#m D A E
If God had a name, what would it be?

F#m D A
And would you call it to his face
E

If you were faced with him

F#m D A E
In all his glory what would you ask?

F#m D A E
If you had just one question?
