

Mirrors (Feat Fifth Harmony) - Justin Timberlake

Aren't you somethin' to admire, cause your shine is somethin' like a mirror
And I can't help but notice, you reflect in this heart of mine
If you ever feel alone and the glare makes me hard to find
Just know that I'm always peering out on the other side

Cause with your hand in my hand and a pocket full of soap
I can tell you there's no place we couldn't go
Just put your hand on the past, I'm here tryin' to pull you through
You just gotta be strong

Cause I don't wanna lose you now
I'm lookin' right at the other half of me
The biggest seat is set in my heart
There's a space, but now you're home
Show me how to fight for now
And I'll tell you baby, it was easy
Comin' back into you once I figured it out
You were right here all along

(oh oh) My mirror staring back at me, staring back at me

A#m G# D#m F#
Aren't you somethin' an original cause it doesn't seem we'll make a sample
A#m G# D#m F#
And I can't help but stare cause I see truth somewhere in your eyes
A#m G# D#m F#
ooh I can't ever change without you, you reflect me, I love that about you
A#m G# D#m F#
And if I could, I would look at us all the time

Cause with your hand in my hand and a pocket full of soap

I can tell you there's no place we couldn't go
